Lagos, Nigeria | (+234)90-2926-5732 | sobayotoby@gmail.com | [My Links](#)

PROFILE SUMMARY

Frontend Developer with a zeal for creating captivating and user-centered web experiences. Proficient in HTML, CSS, JavaScript, Typescript, ReactJs and NextJs, applying responsive design principles. Collaborative team player eager to contribute creativity and a strong willingness to learn. Excited to leverage digital knowledge and project experience to deliver meaningful digital solutions.

SKILLS

Frameworks/Libraries: React Js, Next Js, EtherJs, TailwindCSS, BootStrap, Shadcn UI, Framer motion
Version Control: Git, GitHub, GitLab
Design Tools: Figma, Canva

WORK EXPERIENCE

Vindove   **Lagos, Nigeria**
Frontend Developer Intern   *May 2025 - Jul 2025*

- Built a dynamic dashboard interface that fetches and displays real-time data from APIs using React and TailwindCSS, resulting in a 10% increase in data accessibility and a major improvement in user engagement.
- Designed and developed a lightweight chat application bundled as a widget, allowing seamless integration into third-party websites with limited external dependencies, achieving integration time under 3 minutes and boosting client interaction rates by 30%.
- Collaborated closely with product and backend teams to refine features and enhance UI architecture, which resulted in a 35% increase in development efficiency and 50% reduction in redundant code through component reusability.
- Implemented state management and animations using tools like Zustand and Framer Motion, improving user interaction flow and boosting session duration by 20%.

Cognorise InfoTech   **Remote**
Web developer intern   *Sep 2024 - Nov 2024*

- Implemented advanced coding techniques on web projects, leading to a 10% increase in page load speed and a 20% decrease in bounce rate.
- Developed and implemented new website designs to enhance user experience and increase engagement, resulting in an increase in session duration.
- Implemented new responsive design techniques on all websites, leading to a 15% increase in mobile traffic and a 10% improvement in load times.

HNG Internship   **Lagos, Nigeria**
Frontend developer   *Aug 2023 - Sep 2023*

- Worked in a fast-paced, collaborative environment that required meeting tight deadlines while adhering to agile development methodologies and maintaining high code quality standards.
- Implemented responsive design techniques on all websites developed during internship, resulting in a 10% increase in user experience and a 15% decrease in page load times.
- Collaborated with the design and backend teams to develop 10 web apps within tight deadlines, resulting in a 20% increase in client delivery speed and a 15% increase in user engagement.

MAJOR PROJECT EXPERIENCE

AltSchool Africa   **HTML, CSS, JAVASCRIPT, REACTJS, VUEJS**
Software Engineering Student   *Apr 2022 - May 2023*

- Co-led a high-performing team of 8 developers, demonstrating strong leadership and effective communication skills to achieve a collective goal.
- Cultivated diverse skillset aligned with the dynamic demands of the global tech industry.
- Worked on 4 major real-world projects in order to be proficient in the 3 frontend tech stacks and their frameworks.
- Participated in open-source projects with over 200 contributors, demonstrating strong collaboration skills and the ability to work effectively within large, distributed teams.

Tinaus   **NEXTJS, ANTDESIGN, TAILWINDCSS**

Tinaus E-commerce   *Feb 2024 - Mar 2024*

- Collaborated with other enginners to develop an appealing user-interface for a electronic E-commerce store with over 100 products in sale.
- Implemented standard routing for seamlessly navigating through the web platform and 5% reduction in bounce rate.
- Used modern libraries and frameworks for development to ensure up-to-date user interface and experience, also to ensure multiple browsers compatibility.

CognoRise InfoTech   **NEXTJS, TAILWINDCSS, CLERK, FRAMER, SHADCN-UI**

TravelEase   *Sep 2024 - Oct 2024*

- Developed **TravelEase** web platform which helps users to plan their travelling schedules seamlessly.
- Integrated **user authentication** with a **99.9% success rate** for secure login and sign-up, improving overall user security using **Clerk.**
- Applied css animation using Framer-Motion which helps in higher user interation and retainment.
- Ensured the implementation of best code practices to ensure neat and understandable code.

EDUCATION

AltSchool Africa   Lagos, Nigeria

Altschool Africa — Software engineering(frontend)   *Graduation Date: May 2023*

Olabisi Onabanjo University   Ogun, Nigeria

BSc Mathematics   *Graduation Date: Jul 2025*
